Are you ready to unleash her?

**Ask yourself, “who do I need to become
to change my family’s future...
forever!”**

You need to become the queen of your scene

So you can ...

- Rule & Reign over your kingdom or your domain
- For such a time = Not an endless over door... there's a time in which your contribution is supposed to be delivered
- Reign = become publicly powerful
- Build the kingdom you've been called to
- Build the family with a kingdom culture
- Build your life (your internal house) for maximum out put = Capacity & productivity

**In order to reign over your domain
you've got to become a producer!**

Why you have to become

A high producer

- The science is in and confirms God word. (Limbic system designed for communication with God)
- We give language to God's impressions
- We give expression to God's impressions
- There are ideas and creations, services and goods that God is thinking and dreaming within you and they are for the earth realm ... now
- Creation is waiting eagerly for next creation because God is thinking His thoughts within you for the world - they will come into manifestation through you and I - We have to be women of impact ... high producing women

What does it mean to be a producer?

The word productivity means = the quality, state, or fact of being able to generate, create, enhance, or bring forth goods and or services.

Queens are producers... we are the ones in the earth designed to generate, create, bring forth services and goods, enhance cities, environments, homes and organizations, shift the quality of things, places and content.

So, to be productive in then earth= means you have the power of producing ... ESPECIALLY in abundance!

You yield results
Effective in bringing about
Yield benefits, profits

Productive literally means to be **fit for production.**

Productive comes from the latin meaning **fit for production, bring forth ... fertile ... producing abundantly!!!**

Your goal queen~

Your goal is to be fit for production To become a woman who is fertile ground... you produce in abundance and create abundance so you and your family can live abundantly!

Productivity is the amount of output based on the input.... Sounds a lot like stewardship?

Sounds a lot like the parable of the talents. Your expected output or productivity is not based on your full plate... but rather what has been placed on the inside of you!

Your dreams, your gifts, your assets, your assignment, your family, your friends, your level of influence... then lets add all of God's preplanned agenda ...That you would leave a legacy, an inheritance for your children's children!!!

Sounds like we have a lot of work to do right? No, we have a lot of focusing to do!

Get clear on your assignment!

Get clear on your vision! ~ “In order to be prolific, you must be specific!”

Get clear on your capacity for productivity and get busy today!

Families that build together reign together and rule together!

Build as a family

Please do not use your kids and family as an excuse not produce!

Busy Girls & Busy Guys build abundant lives

Ecclesiastes 5 :20 says, “God keeps such people so busy enjoying life, that they take no time to brood over the past”

The only kind of busy you should be... is busy enjoying your life of abundance. (Loving your family, building legacy, an inheritance for your children’s children, intoxicating love affairs etc)

If you’re wondering what are the “such people” so glad you asked... let’s move up and read ...

18. Even so, I have noticed one thing, at least, that is good. It is good for people to eat, drink, and enjoy their work under the sun during the short life God has given them, and to accept their lot in life.

19 And it is a good thing to receive wealth from God and the good health to enjoy it. To enjoy your work and accept your lot in life—this is indeed a gift from God.

20 God keeps such people so busy enjoying life that they take no time to brood over the past.

So how do we do it all?

Accept our lot in life~ Steward our lot...purpose, family, faith, selves

let's look at 3 variables

- Leverage
- lifestyle
- legacy

Leverage

You are advantaged ~ Build like it ...

- systems = Principles or procedures = how things are done. They are proven procedures that produce the same result every time.
- Biblical keys of the kingdom! You have been given the keys of the kingdom... keys that unlock and give access, keys that lock up stuff (bind things) . Use them They are your leverage that the world does not have. It's everything
- Your unique gifts ~ that were given you to produce that which is expected of you. Hebrews 13:20-21 May he work perfection into every part of you giving you all that you need to fulfill your destiny. - time after time scripture after scripture points out that you have everything you need pertaining to LIFE >>>> your natural life ..and Godliness >>>> your spiritual life ..,your walk ~ Your gift makes room for you,,opens doors for you, make things easier for you
- When you have insider trade secrets from the Father about the life & world you exist in... you can create and build in a faith realm

Legacy

Your dent, your impact, your imprint on the world will be marked by your pillars and what you build. Or produce. Proverbs 9:1 tells us that , A wise woman builds.... Her house, an empire, her legacy She is a builder!

You build with

Pillars ` = a tall vertical structure of stone, wood or metal used as a support for a building, or as an ornament or monument.

The Biblical meaning = used to support a building >> they stand to hold a place
Biblical references

Jacob set up a pillar over Rachels grave

Used as a reference to the cloud and fire accompanying the Israelites on their march

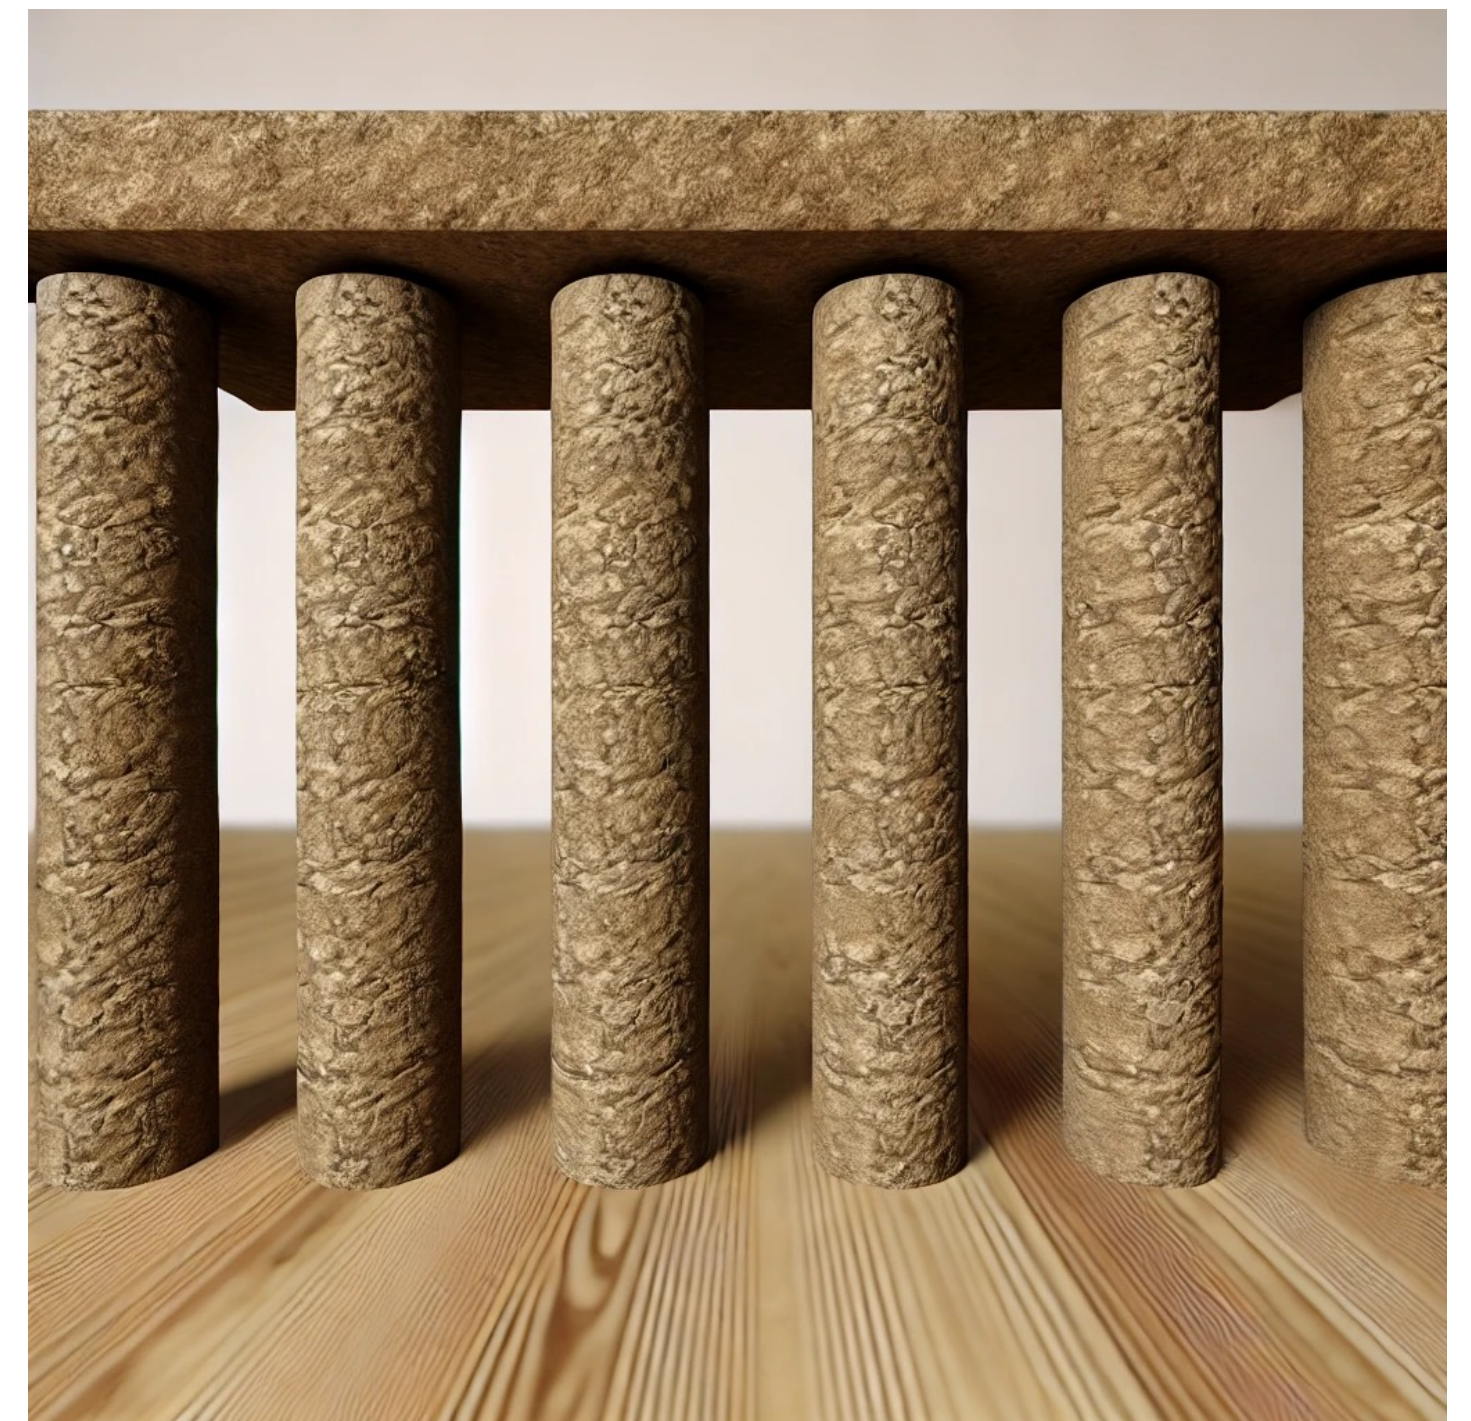

Characteristics of a pillar:

Load - bearing

Stabilization

Maybe constructed as a single piece or in units

So... she “Hew or hewed those pillars

Chop with an axe

Make shape by cutting or chopping a material such as wood or stone..... (Construct your pillars out stable things! That will last)

To hewn = to cut or shape with hard blows of a heavy cutting instrument like an axe or chisel / sculpted or engraved

So the point is ... hard blows ~ you're called for impact and you build with impact ... making strategic cuts at your pillars to support your life, faith, family, business, ministry

They are moves that both have impact and stand to support others to whom you engage.

You are a stabilizer that stand the test of time ...

You bare the weight and loads of many including you and your calling

Carve out pillars for producing legacy. Wisdom has 7 ... I have a program that I pulled out 7 pillars from scripture from several different places proverbs 9 chapter , 31 chapter and Genesis how God created and later how Jesus did ministry. I have 7 pillars to support my life... do you have yours? ~

You were born for impact, you were made an over comer and a victor ... you are queen who like Esther has been called to your kingdom for such a time as this... to redeem the times, make the most of every opportunity presented to you and deliver or bring forth solutions to a people group, community and your family.

Busy girls change the world One power move at a time!

Don't take yourself off the hook for production! You owe it God to master your life to give His Impressions; expression.

Lifestyle

Busy Girls change the world; one power move a time!

Let's talk about the builders lifestyle

Know your assignment, get really familiar with your kingdom and it's people. And live focused, intently there. ~ be diligent ~ for they shall inherit the earth. "He who farms his land shall have plenty of food.

If you want a harvest you must work with the key of productivity. Your input equal output. If you want more energy, creativity better systems etc... learn them, invest in yourself, get a coach a mentor But build and build everyday

* Burn out doesn't come from working hard... comes from you not being sure its going to work! So work with confidence that It's going to work. (stop assigning a level of difficulty to your assignments before you even start)

Ecclesiastes ch.5

It mentioned ... that God gives you the good health to enjoy your wealth

You are the garden ... if the soil isn't healthy nothing healthy can grow there!

Taking care of you is not a good idea,... its a God idea that is essential to reign over your domain.

Get a routine for exercise - studies show that it aids in creativity, lowers stress etc.

Get a morning power routine ... start your day with a routine that supports your ability to not just get through your to do's but that is a **pillar for great production!**

Know your identity and develop personally. You will only produce on the outside based on your capacity on the inside!

You can only shine if the light of Christ is burning on the inside ... you must have oil..... you must have sound doctrine, your belief system must be solid, your mind set must be straight ... I could go on but it is imperative that you master you!!!!

You are the greatest investment you can ever make... everything in your life and around you will rise and fall at the level of your growth!

Who you become in the process of building and producing is part of the whole! **Becoming the queen** is vital to do queen things, to producing queen things! **You must become her In order to rule like her.**
